12 January 2012

To Shareholders and, for information only, to holders of options

Dear Sir or Madam

Proposed Placing, Acquisition of the business of the DeHavilland Political Intelligence division of Emap Limited, approval for a waiver of Rule 9 of the City Code, Capital Reorganisation and Notice of Extraordinary General Meeting

1. Introduction

The Board announced on 12 January 2012 that Dods had entered into an agreement to acquire the business of the DeHavilland Political Intelligence division of Emap Limited for a cash consideration of £12.8 million (subject to a working capital adjustment), to be financed through banking facilities and the placing of 200,000,000 New Ordinary Shares at the price of 5.5 pence per share. The maximum consideration payable is £12.9 million.

In view of the size of the acquisition of the Business in relation to the Company, the Acquisition constitutes a reverse takeover under the AIM Rules for Companies and, as such, is conditional upon the admission of the Enlarged Share Capital to trading on AIM and the publication of this admission document. In addition, the Acquisition requires the approval of the Shareholders. Lord Ashcroft KCMG has agreed to subscribe for up to 111,421,556 of the Placing Shares and his resultant holding will be up to 42.9 per cent. of the Enlarged Share Capital. Pursuant to the City Code, Independent Shareholders are required to approve the Rule 9 Waiver, which allows Lord Ashcroft KCMG to acquire these New Ordinary Shares without making an offer for the Ordinary Shares he does not already own in the Company. In addition, the Company is seeking shareholder approval for other resolutions relating to the Placing, including the Capital Reorganisation.

2. Background to and reasons for the Proposals

Dods has undergone a period of significant reorganisation in the last few years, during which time it has disposed of various businesses, including its French pharmaceutical publishing business and its education division. Following this period of restructuring, the Board has decided that the Group should be focused on its political offerings, in relation to the digital space, the organisation of events, research and publications. In line with its strategy, the Board announced on 1 July 2011, the acquisition of PoliticsHome and the Board believes that the acquisition of the Business is an important step in further enhancing the Group's offering in the political space.

The Acquisition will broaden Dods' offering in relation to political intelligence services. Dods believes that there are significant synergies to be gained from this business combination, both through cost savings from system integration and from cross selling existing products to the customers of the Business. The Acquisition will increase Dods' exposure to revenues from digital subscriptions and, correspondingly, away from magazine advertising, which the Directors believe is in long-term structural decline.

Additionally, the Board believes that there are significant further bolt-on acquisition opportunities available to the Group and, following the Acquisition, available to the Enlarged Group. The Board is currently in various stages of discussions with some of these potential counterparties and therefore considers it appropriate to seek additional financing to provide the Group with funds to help make acquisitions without further recourse to Shareholders. In order to fund the Acquisition and these further

acquisition opportunities, the Company is seeking equity financing in addition to the bank funding for the Acquisition.

Finally the Board is proposing the Capital Reorganisation. Given the Company's current share price, it is necessary to issue New Ordinary Shares below the current nominal value per share of 10 pence. The Capital Reorganisation is described in more detail in paragraph 12 below.

3. The Placing

The Company is proposing to raise approximately £11.0 million before expenses, by way of a placing by Cenkos, as the Company's agent, of the Placing Shares at the Placing Price with Lord Ashcroft KCMG and institutional investors. The Placing Shares will be issued fully paid, will represent approximately 56.8 per cent. of the Enlarged Share Capital and following allotment will rank *pari passu* in all respects with the other New Ordinary Shares including the right to receive dividends and other distributions thereafter declared, made or paid. The Placing Price represents a 7.3 per cent. premium to the closing mid-market price of Existing Ordinary Shares of 5.125 pence on 11 January 2012, being the latest practicable date prior to publication of this document. The rights attaching to such Ordinary Shares are set out in paragraph 11 of Part X of this document.

Due to the requirements of the VCT legislation, the Company will conduct the Placing in two tranches. The VCT Placing Shares will be offered to VCTs investing funds raised prior to 6 April 2006, and will be admitted in the First Admission. The General Placing Shares will be offered to other investors who will not be seeking relief under the VCT legislation, and will be admitted in the Second Admission.

Pursuant to the Placing Agreement, Cenkos has conditionally agreed with the Company, on and subject to the terms set out therein, to use its reasonable endeavours to procure investors to subscribe for the Placing Shares at the Placing Price. The Placing in respect of the First Admission Shares is conditional, *inter alia*, upon the Resolutions being passed at the Dods EGM, the Acquisition Agreement becoming unconditional in all respects except for Admission and not being terminated and the Placing Agreement becoming unconditional and not being terminated in accordance with its terms and First Admission taking place. The Placing in respect of the Second Admission Shares, is conditional, *inter alia*, upon the Resolutions being passed at the Dods EGM, the Acquisition Agreement becoming unconditional in all respects except for Admission and not being terminated and the Placing Agreement becoming unconditional and not being terminated in accordance with its terms and Second Admission taking place.

The Company has, under the Placing Agreement, given warranties in favour of Cenkos. In addition, the Company has given Cenkos an indemnity, typical for agreements of this type, which applies in certain circumstances.

Cenkos is entitled to terminate the Placing Agreement at its absolute discretion in certain specified circumstances prior to each of First Admission and Second Admission, including, *inter alia*, for a breach of the terms of the Placing Agreement in any material respect by the Company or if an event occurs or a matter arises prior to each of First Admission and Second Admission which renders any of the warranties untrue or incorrect in any material respect or in the event of force majeure arising.

4. Dispensation from Rule 9 of the City Code

The Directors believe that Lord Ashcroft KCMG's continued support of the Company and the commitment by him to invest in the Placing is necessary to ensure both the success of the Placing and completion of the Acquisition, which the Directors believe will be beneficial to all Shareholders.

Lord Ashcroft KCMG's commitment to take up Placing Shares gives rise to certain considerations and consequences under the City Code. Brief details of the Panel, the City Code and the protections they afford to Shareholders are described below.

The City Code is issued and enforced by the Panel. The Panel has been designated as the supervisory authority to carry out certain regulatory functions in relation to takeovers and its statutory functions are set out in and under Chapter 1 of Part 28 of the 2006 Act.

Under Rule 9, any person who acquires an interest (as defined under the City Code) in shares which, taken together with shares in which he is already interested (and in which persons acting in concert with him are interested), carry 30 per cent. or more of the voting rights of a company, is normally required by the Panel to make a general offer in cash to the shareholders of that company to acquire the balance of the shares not held by such person (or group of persons acting in concert) at not less than the highest

price paid by him (or any persons acting in concert with him) for any such shares within the 12 months prior to the announcement of the offer.

In addition, Rule 9 provides that, when any person (together with any persons acting in concert with him) is interested in shares which in aggregate carry not less than 30 per cent. of the voting rights of a company, but does not hold shares carrying more than 50 per cent. of such voting rights, and such person (or any such person acting in concert with him) acquires an interest in any other shares which increases the percentage of shares carrying voting rights, that person (together with any persons acting in concert with him) is normally required by the Panel to make a general offer in cash to the shareholders of that company to acquire the balance of the shares not held by such person (or group of persons acting in concert) at not less than the highest price paid by him (or any persons acting in concert with him) for any such shares within the 12 months prior to the announcement of the offer.

For the purposes of the City Code, a concert party arises where persons acting in concert pursuant to an agreement or understanding (whether formal or informal) co-operate to obtain or consolidate control of a company or to frustrate the successful outcome of an offer for a company. Control means an interest, or interests, in shares carrying in aggregate 30 per cent. or more of the voting rights of the company, irrespective of whether such interest or interests give de facto control.

The interest of Lord Ashcroft KCMG in the voting rights of the Company following the Placing is expected to increase above his current percentage and increase above 30 per cent. or more. Under such circumstances, Lord Ashcroft KCMG would normally be obliged to make a general offer, pursuant to Rule 9 of the City Code, to all other Shareholders to acquire their Ordinary Shares. However, in this instance, the Panel has agreed to waive the obligation to make a general offer that would otherwise arise as a result of Lord Ashcroft KCMG subscribing for New Ordinary Shares in the Placing, but subject to the approval of the Independent Shareholders on a poll at the Extraordinary General Meeting, which will be sought pursuant to the Whitewash Resolution. To be passed, this Resolution will require the approval of a simple majority of votes cast on that poll. Only Independent Shareholders will be entitled to vote on this resolution.

Lord Ashcroft KCMG is currently interested in approximately 25.9 per cent. of the voting rights of the Company and has agreed to subscribe for up to £6.2 million in aggregate for Placing Shares under the Placing, which together with his current shareholding, represents in aggregate, 42.9 per cent. of the Enlarged Share Capital, being 111,421,556 Ordinary Shares.

The Panel has agreed, subject to the Whitewash Resolution being passed (on a poll) by the Independent Shareholders at the Dods EGM, to waive the obligation on Lord Ashcroft KCMG, under Rule 9, to make a general offer for the entire issued share capital of the Company which would otherwise arise as a result of the Proposals. Accordingly, Independent Shareholders' approval (on a poll) for the Rule 9 Waiver of any obligations of Lord Ashcroft KCMG is sought in the Whitewash Resolution. To be passed, this Resolution will require the approval of a simple majority of votes cast on that poll. Only Independent Shareholders will be entitled to vote on this resolution.

For the avoidance of doubt, the Rule 9 Waiver applies only in respect of increases in the shareholding of Lord Ashcroft KCMG resulting from the Placing and not in respect of other increases in his shareholding. Lord Ashcroft KCMG has not taken part in any decision of the Board relating to the proposal to seek the Rule 9 Waiver.

Any further increases in Lord Ashcroft KCMG's interest will be subject to the provisions of Rule 9.

The Acquisition is dependent on the approval of Independent Shareholders of the Rule 9 Waiver. There are no arrangements for the transfer of securities pursuant to the Rule 9 Waiver, nor are there any other arrangements having connection with or dependence upon the proposed transaction.

Further details concerning Lord Ashcroft KCMG are set out in Part IX of this document.

5. Information on Dods

Dods, previously Huveaux PLC, was incorporated in England and Wales on 9 August 2001 and admitted to AIM in 2001. The Company changed its name to Dods (Group) PLC in June 2010.

The Group operates out of its head office in Westminster, London and has regional offices in Cambridgeshire, Brussels and Paris. The Group employs approximately 200 people across the business units.

The business, following recent disposals, is concentrated on Political Communications and training in the following main business units:

- **Government.** Working closely with the Cabinet Office and the central civil service, this unit was founded around the bi-weekly newspaper *Civil Service World*. The *Civil Service Awards* were launched off the back of this relationship – and are now an annual event. These awards were hosted by Her Majesty the Queen at Buckingham Palace in 2010. The large *Civil Service Live* exhibition was launched in 2008 and is now a key annual event in the Civil Service calendar, with *Regional Events* running alongside this event. The unit also produces a number of roundtable events, provides data and research for customers and operates a business networking website *Civil Service Live Network*.
- **Parliament.** The core brand within this unit is *The House Magazine* which is the “in-house” magazine of the Houses of Parliament. This magazine has been published since the 1970’s and is produced in close association with an editorial board comprising of MPs and Peers from across the parties. This unit produces a number of round tables and other events – including being the largest supplier of Fringe Events to Party Conferences – as well as polling and research. PoliticsHome, purchased in July 2011, is a leading political news aggregation website and now sits at the heart of the units online engagement product.
- **Information.** This unit was based originally on directory products. The original *Dods Parliamentary Companion* was produced in 1832 and is still the definitive “Who’s Who” of the Houses of Parliament. Increasingly the products are moving digital – with the core product being *Dods People* which provides an interactive, work flow tool off the back of the *Companion* database. The largest growth area within this unit has been the *UK Monitoring* product which delivers bespoke information to customers to keep them informed about relevant activity within the political world.
- **Europe.** This unit is based in Brussels and provides media and information concerning the EU Parliament. The core brand is *Parliament Magazine* and its sister publications *The Regional Review* and *The Research Review*. Increasingly this unit also organises roundtables and other events alongside these publications. The fastest growing part of this unit is the *EU Monitoring* product which provides a similar service to clients re the EU parliament market as the *UK Monitoring* product does in the UK. The directory product *EPAD* is gradually being migrated to the online product *Dods EU People*.
- **Political Knowledge.** This unit is concerned with Civil Service training and conference events. Under the brand *Westminster Explained* the group provides training on Parliament procedures, the structure and function of government and policy skills. *Westminster Briefings* provides conference events to the wider public sector connecting stakeholders in the front line of public service delivery with policy makers in Westminster and Whitehall. This unit also partners with public sector organisations to run conferences which disseminate key messages to stakeholders.
- **Trombinoscope.** Based in Paris, this unit provides directories regarding the governmental bodies in France.
- **Fenman.** This unit is split between *Fenman* which provides training manuals and DVDs to professional trainers, and *Training Journal* which is the leading magazine for professional trainers in the UK.

The Business offers a wide range of political intelligence services centred on the UK and EU political agenda, including:

- Daily Alerts

- Political research
- Full contact and biographical information on parliamentarians
- Events monitoring

- Campaign management solutions

Through a variety of tailored services, the Business keeps its customers informed of the latest developments in UK politics which have a direct impact on their objectives.

7. Effects of the Proposals on Dods

Part VIII of this document contains unaudited pro forma financial information which shows the effect of the Acquisition and the Placing on the net assets of the Company had the Acquisition and the Placing been completed on 31 December 2010. The unaudited pro forma financial information shows that the Enlarged Group would have had net assets of £43.5 million as at 31 December 2010. Additionally, the Company's earnings would have been greater by £1.9 million in the year ended 31 December 2010 had the Acquisition occurred at the start of that financial year.

The Directors believe that the Acquisition and the Placing will enhance earnings per Ordinary Share in the first full year following their completion. This should not be interpreted as a profit forecast or that the earnings per Ordinary Share for the current or future financial years will match or exceed the historical earnings per Ordinary Share.

8. Strategy of the Enlarged Group

Following the Acquisition, the Enlarged Group will enhance its reputation as a leading provider of political information, both in the UK and Brussels, together with a smaller presence in the French market. This activity will be bolstered by the Group's move into the digital space, providing for more sustainable subscription based income. Additionally, these activities will continue to be complemented by related events and training activities for the Civil Service, which have grown significantly in recent years and provide further opportunities for growth through government outsourcing.

The Acquisition will provide the Enlarged Group with the ability to realise both cost synergies and cross-selling opportunities, in particular through the offering of EU Monitoring, Dods Legislation and Events to clients of the Business.

As stated in paragraph 2 above, the Directors believe that there are further acquisition opportunities available to the Enlarged Group, which in all cases the Directors will seek to ensure are earnings enhancing.

9. Current trading and prospects of Dods

The Board stated in the Interim Announcement on 26 September 2011 that it was conscious of the macro global economic uncertainties and the specific issues within the Company's markets over the remainder of 2011. It was further noted that there remained significant challenges, but that the Board did not believe that these would materially affect the results of the Group for the full year in 2011. The trading conditions have not changed materially since that announcement.

As announced on the 25 October 2011, Civil Service Learning, the new body controlling the outsourcing of civil service training, announced the beginning of its long awaited tender for newly outsourced civil service learning. Dods considers itself well placed to compete effectively for the appropriate parts of this tender. If successful this would have a significant effect on both 2012 and future years' results.

10. Dividend policy

The Board remains focused on maximising shareholder value. This will include payment of dividends to shareholders when appropriate.

11. Banking arrangements

Following the disposal of the education businesses in 2010, the Company had succeeded in repaying all of its bank debt. However, the Directors have decided to enter into a new banking facility with Bank of Scotland PLC in relation to the Acquisition and further potential acquisitions. Further details of this facility are included in paragraph 13 of Part X. At completion of the Acquisition, the Enlarged Group expects to have drawn down £3 million of this facility.

12. Capital Reorganisation

Prior to completion of the Acquisition and the Placing and irrespective of whether certain other elements of the Proposals are completed, on the passing of Resolutions 1 to 3 (inclusive), each Existing Ordinary Share will be sub-divided into one New Ordinary Share and one Deferred Share, each having the rights and restrictions set out in the proposed new articles of association of the Company. This proposed change in nominal value of the Company's Ordinary Shares will have no effect on the net asset value or financial interest of existing Shareholders in the Company, nor on the number of shares held by them in the Company. The New Ordinary Shares will have the same rights (including voting and dividend rights and rights on a return of capital) as the Existing Ordinary Shares

In order to effect the Capital Reorganisation, the Board proposes that the Company adopts new articles of association including the rights of the Deferred Shares. The Deferred Shares will have no economic value, will not be admitted to trading on AIM or any other recognised investment exchange, but will have the following rights and restrictions:

- (a) they will confer no right to any dividend or any distribution (other than on a winding up);
- (b) they will confer no right to receive notice of, or to attend or vote at, general meetings of the Company;
- (c) on a winding up they will confer the rights to be paid out of the assets of the Company available for distribution an amount equal to 1 pence for all the Deferred Shares in issue prior to the surplus being distributed to the holders of New Ordinary Shares, but will not confer any right to participate in any surplus assets of the Company; and
- (d) they can be purchased by the Company at any time for an aggregate consideration of 1 pence for all the Deferred Shares in issue and each Deferred Share so purchased shall thereafter be cancelled.

New certificates will be issued in respect of the New Ordinary Shares resulting from the Capital Reorganisation in respect of certificated shares. No share certificates will be issued in respect of the Deferred Shares.

13. Dods Extraordinary General Meeting

You will find set out at the end of this document a notice convening the Dods EGM which will be held at the offices of Reynolds Porter Chamberlain LLP, Tower Bridge House, St. Katharine's Way, London E1W 1AA at 10.00 a.m. on 7 February 2012.

Resolutions 1, 2, 4, 5 and 6 will be proposed as ordinary resolutions requiring more than 50 per cent. of Shareholders voting to vote in favour for them to be passed, with Resolution 5 to be determined on a poll by the Independent Shareholders, as required by the Panel. Resolutions 3, 7 and 8 will be proposed as special resolutions requiring 75 per cent. or more of the Shareholders voting to vote in favour for them to be passed.

The Resolutions to be proposed at the Dods EGM are as follows:

Resolution 1

To approve the deletion from the Company's articles of association of the maximum amount of shares that may be allotted by the Company. Under the 2006 Act, companies are no longer required to have an authorised share capital. Any company that does make reference to an authorised share capital in its articles shall be deemed to have a restriction on the amount of shares it can allot. As Dods has such a restriction contained in its articles of association and has insufficient shares to allot for the purposes of the Placing, the purpose of this resolution is to remove such restriction from its articles of association.

Resolution 2

To approve the sub-division of the Existing Ordinary Shares into one New Ordinary Share and one Deferred Share.

Resolution 3

To adopt new articles of association of the Company reflecting the rights and restrictions of the Deferred Shares as further detailed in paragraph 12 of this Part IV.

A copy of the new articles of association is available on written request to the Company Secretary of the Company and is available on the Company's website at www.dodsgroupplc.com.

Resolution 4

To approve the Acquisition.

Resolution 5 (the Whitewash Resolution)

The Whitewash Resolution, which is proposed as an ordinary resolution on a poll as required by the Panel, seeks the approval of the Independent Shareholders (referred to as a “whitewash” under the City Code) of a waiver granted by the Panel of any obligation which might otherwise fall on Lord Ashcroft KCMG to make a general offer pursuant to Rule 9 of the City Code as a result of the issue of New Ordinary Shares to Lord Ashcroft KCMG pursuant to the Placing.

Resolution 6

To grant authority to the directors of the Company pursuant to section 551 of the 2006 Act to allot shares in the capital of the Company provided that such authority be limited to the allotment of up to an aggregate nominal value of £2,000,000 pursuant to the Placing; and otherwise up to an aggregate nominal amount of £1,055,995 such authority to expire at the conclusion of the next annual general meeting of the Company unless renewed, varied or revoked by the Company in general meeting.

Resolution 7

To empower the directors of the Company pursuant to section 570(1) of the 2006 Act to allot or make agreements to equity securities (which expression shall have the meaning ascribed to it in Section 560(1) of the 2006 Act) for cash pursuant to the authority given by Resolution 6 as if section 561(1) of the 2006 Act did not apply to such allotments, such authority to expire at the conclusion of the next annual general meeting of the Company unless renewed, varied or revoked by the Company in general meeting.

Resolution 8

The Company’s existing articles of association and new articles of association provide the appropriate authority for the Company to purchase its own shares. The purpose of this resolution is to renew the authority granted by shareholders at this year’s annual general meeting for the Company to make purchases of up to 17,599,922 New Ordinary Shares in the market (being approximately 5% of the Enlarged Share Capital) for a period until the conclusion of its next annual general meeting.

This proposal should not be taken as an indication that the Company will purchase its shares at any particular time, or, indeed, at all, or to imply any opinion on the part of your directors as to the market or other value of the New Ordinary Shares. Your directors will only exercise the power to effect the purchase by the Company of its own shares at price levels and in circumstances which they consider to be in the interests of the Company, after taking account of its other investment opportunities and overall financial position, and which, in particular, would lead to a beneficial impact on the earnings per share of the remaining issued New Ordinary Shares. In any event, no purchase will be made which would effectively alter the control of the company without the prior approval of shareholders in general meeting.

The total number of employee options to subscribe for equity shares currently outstanding is approximately 7,084,075. This represents 2.0 per cent of the Enlarged Share Capital. If the Company brought back the maximum number of shares permitted pursuant to the passing of this resolution, and all such shares were cancelled, then the total number of options outstanding would represent approximately 2.1 per cent of the Enlarged Share Capital as reduced following those repurchases.

14. Action to be taken

You will find enclosed with this document a Form of Proxy for use at the Dods EGM. Whether you intend to be present at the Dods EGM or not, you are asked to complete the Form of Proxy in accordance with the instructions printed thereon and to return it to Dods’ registrars, Equiniti, Aspect House, Spencer Road, Lancing, West Sussex, BN99 6DA, as soon as possible and, in any event, so as to be received by 10.00 a.m. on 3 February 2012. **If you hold Ordinary Shares in CREST, you may appoint a proxy by completing and transmitting a CREST Proxy Instruction to Equiniti (CREST participant ID RA19), so that it is received by no later than 10.00 a.m. on 3 February 2012. The completion and return of the Form of Proxy or a CREST Proxy Instruction will not preclude you from attending the Dods EGM and voting in person if you wish to do so.**

If the Form of Proxy is not returned or the CREST Proxy Instruction is not submitted by 10.00 a.m. on 3 February 2012, your vote will not count.

15. Admission to AIM, settlement and dealings

Application will be made to the London Stock Exchange for the Enlarged Share Capital to be admitted to trading on AIM. It is expected that First Admission of the First Admission Shares will become effective and dealings for normal settlement in the First Admission Shares will commence at 8.00 a.m. on the first Business Day following the Acquisition Agreement becoming unconditional in all respects except for Admission (and in any event no later than 31 May 2012). It is expected that Second Admission of the Second Admission Shares will become effective and dealings for normal settlement in the Second Admission Shares will commence at 8.00 a.m. on the Business Day following the First Admission (and in any event no later than 31 May 2012).

16. Taxation

Information regarding certain aspects of UK taxation is set out in paragraph 26 of Part X of this document. These details are, however, intended only as a general guide to certain aspects of the current tax position under UK taxation law. Shareholders who are in any doubt as to their tax position or who are subject to tax in jurisdictions other than the UK are strongly advised to consult their own independent financial adviser without delay.

17. Further information

Your attention is drawn to the remaining parts of this document which contain further information on Dods and the Placing. In particular, your attention is drawn to the risk factors set out in Part V of this document.

18. Related Party Transaction

The placing of up to 111,421,556 New Ordinary Shares with Lord Ashcroft KCMG constitutes a related party transaction pursuant to Rule 13 of the AIM Rules for Companies. The Independent Directors, having consulted with the Company's nominated adviser Cenkos, consider the terms of the placing with Lord Ashcroft KCMG are fair and reasonable insofar as its shareholders are concerned.

19. Recommendation

The Independent Directors, who have been so advised by Cenkos, the Company's nominated adviser, consider that the Proposals are fair and reasonable, and in the best interests of the Company and its Independent Shareholders as a whole. In providing its advice to the Directors, Cenkos has taken into account the Independent Directors' commercial assessments.

Accordingly, the Independent Directors unanimously recommend that Independent Shareholders vote in favour of Resolution 5 relating to the Rule 9 Waiver as they intend to do in respect of their own beneficial holdings, where relevant, amounting to an aggregate of 614,094 Existing Ordinary Shares, representing approximately 0.4 per cent. of the Company's current issued share capital. Lord Ashcroft KCMG is considered to be interested in the outcome of the Rule 9 Waiver and accordingly has undertaken not to vote on Resolution 5.

The Directors consider that the Acquisition, the Placing, the Capital Reorganisation and Resolutions 1, 2, 3, 4, 5, 6, 7 and 8 are in the best interests of the Company and its Shareholders as a whole. Accordingly, all of the Directors unanimously recommend that Shareholders vote in favour of Resolutions 1, 2, 3, 4, 5, 6, 7 and 8 as they have irrevocably agreed to do in respect of their own beneficial holdings, where relevant, amounting to an aggregate of 1,882,167 Existing Ordinary Shares, representing approximately 1.2 per cent. of the Company's current issued share capital. Furthermore, Lord Ashcroft KCMG has irrevocably agreed to vote in favour of all the Resolutions in respect of all the Ordinary Shares he controls, except for the Whitewash Resolution relating to the Rule 9 Waiver in respect of which he is not voting.

Yours faithfully

Kevin Hand
Chairman

PART V - RISK FACTORS

In addition to the other information presented in this document, the following risk factors should be carefully considered by Shareholders and potential investors when deciding what action to take in relation to the Placing and the Resolutions to be proposed at the Extraordinary General Meeting and by others when deciding whether to make an investment in the Company. Additional risks and uncertainties not presently known to the Directors, or that the Board currently considers immaterial, may also adversely affect the business of the Group and the market price of the Ordinary Shares. If any of these risks materialise, the business, financial condition or results of future operations of the Group could be materially adversely affected. In that case, the trading price of the Ordinary Shares could decline and/or Shareholders and prospective investors may lose all or part of their investment. Before making any investment decision, Shareholders and prospective investors are advised to consult an appropriate independent advisor authorised under FSMA who specialises in advising upon investments.

The risks and uncertainties are described under the following general categories:

- Risks relating to Dods' markets;
- Risks relating to the Company, the Group and the Enlarged Group;
- Risks relating to the Acquisition;
- Risks relating to the Placing; and
- Risks relating to the Ordinary Shares.

Risks relating to Dods' markets

- Dods remains largely dependent on income from Parliament-related information and activities. Should there be a significant diminution in interest for either information based on Parliament or a general apathy to political events, the Group would be likely to suffer a significant reduction in revenues and, therefore profitability.
- Advertising revenue in the Group's magazine business continues to be depressed by historic standards. As advertisers in general across all business to business markets become less reliant on display advertising, it is probable that revenues from advertising will fall further and the Group will need to continue to find growth from other revenue streams.
- Growth in the civil service events business over the last few years has been on the back of the increased importance of the public sector in terms of spend within the private sector and the importance, therefore, of large corporates getting close to Government. Public sector cuts will reduce the demand for events, although this could be offset from growth resulting from the outsourcing of public sector services to the private sector, including civil service training. There can be no guarantee that the upside from outsourcing will be greater than the downside from cost cutting and therefore, both revenues and profitability could be adversely affected.
- The Group is affected by major political developments, such as general elections. Such events can have significantly disruptive effects, which might boost some areas of the business, but cause others to slow down temporarily. Should such a major political development occur, the Group's trading expectations might not be met.
- Barriers to entry are very low and significantly lower than in other industries. It is possible that new entrants might decide to enter the industry and could do so easily which would have a diluting impact on the Enlarged Group.
- The Group's EU parliamentary services are affected by factors such as regional funding for EU Projects. Without such funding, activity at the heart of the EU is likely to be reduced, together with demand for the Group's EU products which would materially reduce the Group's profitability.

Risks relating to the Company, the Group and the Enlarged Group

- The Group's future success is substantially dependent on the continued services and performance of its Directors and key senior management, together with its ability to continue to attract and retain highly skilled and qualified personnel. Although measures are in place to reward and retain key individuals and to protect the Group from the impact of staff turnover, the Directors cannot give assurances that key members of the senior management team and the Directors will continue to

remain with the Group. The loss of the services of the Directors, key members of senior management and other key employees could adversely affect the Group's business, financial condition and operating results.

- The Group is highly dependent on successful implementation of technology to pursue its growth plans, the integration of the Business and its transition from a print-based model to a digital offering for its political intelligence services. Delays in the implementation of technology could have a negative effect both on the Group's existing business, as well as the Enlarged Group's ability to integrate the Business. The decreased integration savings and disruption to growth in digital offerings, could have a negative impact on the Group's prospects.
- The Group has invested and may invest further in activities based in countries other than the UK. These investments are denominated, and operate their businesses, in currencies other than Sterling, exposing the Group to movements in exchange rates which may impact unfavourably on the Group's reported financial statements. The value of any such investments and the returns thereon may be affected by fluctuations in foreign exchange rates. Any of these factors could have a material adverse effect on the reported results and overall financial condition. There is uncertainty over the future of and stability of the EURO.
- Whilst the Directors have no plans for raising additional capital following Admission it is possible that the Group may need to raise extra capital in the longer term to develop further the Group's business. If the Group makes any further material acquisitions, the Group may require further financing. Any additional equity financing may be dilutive to Shareholders, and debt financing, if available, may involve restrictions on financing and operating activities. If the Group is unable to obtain additional financing as needed, it may be required to abandon any development plans or reduce the scope of its operations or anticipated expansion which may adversely affect the Group's business and operating results.
- The use of borrowing to finance the Acquisition presents the risk that the Group may be unable to service the interest payments and principal repayments or comply with other requirements of the loan, rendering borrowings immediately repayable in whole or in part, together with any attendant costs. The borrowing arrangement may be recourse or non-recourse. The Group may be forced to sell some of its assets to meet such obligations, with the risk that borrowings will not be refinanced or that the terms of such refinancing may be less favourable than the existing terms of borrowing. The financing arrangement contains cross-default provisions, which could magnify the effect of an individual default and if such a provision were exercised, this could result in a loss for the Group.
- The Company expects to be acquisitive and therefore might make further acquisitions in the future. Although the Directors will seek to make earnings enhancing acquisitions, it is possible that trading or cost savings might be below expectations and, as such, profitability of the Enlarged Group could be affected.
- There is a risk that any contracts to which the Company or any other member of the Group is currently a party or to which it may be a party in the future may be terminated (whether pursuant to change of control clauses within those contracts or otherwise) and this would affect the value of Shareholders' interests in the Company.
- Dods' tax charge is based on current taxation legislation and its interpretation, which is subject to change, possibly with retrospective effect. Any change in any member of the Group's tax status or in taxation legislation or its interpretation may affect the Company's operations, its ability to provide returns to Shareholders or alter the post-tax returns to Shareholders. No assurance can be given that the outcome of these tax matters or unprovided tax matters will not result in a material adverse effect on the Group's business, operating results and financial condition.

Risks relating to the Acquisition

- Completion of the Acquisition is subject to the satisfaction (or waiver) of a number of conditions including, among others:
 - the approval of Shareholders at the Dods EGM;
 - confirmation that the Acquisition is not a relevant merger situation under Section 33 of the Enterprise Act 2002 or will not be referred to the Competition Commission; and
 - Admission of the New Ordinary Shares.

There is no guarantee that these (or other) conditions will be satisfied (or waived) in which case the Acquisition will not be completed.

- The Enlarged Group's success will partially depend upon Dods' ability following the Acquisition to integrate the Business without significant disruption to its business. Although the Directors believe that such disruption is unlikely, issues may come to light during the course of integrating the Business into the Enlarged Group that may have an adverse effect on the financial condition and results of operations of the Enlarged Group, noting in particular that the Business IT system forms an integral part of the Business and has only recently been decoupled from the IT system of the seller (of the Business) in preparation for the Acquisition. There is no assurance that Dods will realise the potential benefits of the Acquisition including, without limitation, potential synergies and cost savings (to the extent and within the time frame contemplated). If Dods is unable to integrate the Acquisition successfully into the Enlarged Group then this could have a significantly negative impact on the results of operations and/or financial condition of the Enlarged Group.
- Whilst the Directors do not expect the Acquisition to lead to any loss of customers, there is no certainty that customers of the Group (including the Business' customers) will continue to be customers of the Enlarged Group following the Acquisition, particularly if customer service is affected by issues with the integration of the Business and/or its IT system, whether before or after completion of the Acquisition.
- The Enlarged Group's success will partially depend on there being no adverse change in the Business between the date of this document and the date of the completion of the proposed Acquisition.

Risks relating to the Placing

- Placees have given binding commitments to subscribe for all of the Placing Shares pursuant to the Placing Agreement, the scope and principal terms (including conditions and termination rights) of which are set out in paragraph 13(iv) of Part X of this document. The Placing is conditional, however, upon Shareholders approving the Resolutions at the Extraordinary General Meeting. Should the Resolutions not be passed, the Acquisition and the Placing will not proceed.

Risks relating to the Ordinary Shares

- The market price of the Ordinary Shares could be subject to significant fluctuations due to a change in sentiment in the market regarding the Ordinary Shares (or securities similar to them) or in response to various factors and events, including: any regulatory changes affecting the Group's operations, variations in the Group's operating results and business developments of the Group or its competitors.
- Stock markets can experience significant price and volume fluctuations which have affected the market prices for securities which may be unrelated to the Group's operating performance or prospects. Furthermore, the Group's operating results and prospects could be below the expectations of market analysts and investors. Any of these events could result in a decline in the market price of the Ordinary Shares (including the Placing Shares).
- The trading prices of the Ordinary Shares may go down as well as up and Shareholders may therefore not recover a proportion or all of their original investment.
- Dividend growth deriving from the Ordinary Shares will depend principally on income received by the Company and the distribution policy adopted by the Board.
- There can be no assurance that certain Directors and executive officers of the Company or other Shareholders will not elect to sell their Ordinary Shares. The market price of Ordinary Shares could decline as a result of any sales of such Ordinary Shares or as a result of the perception that these sales may occur. If these or any other sales were to occur, the Company may in the future have difficulty in offering or selling Ordinary Shares at a time or at a price it deems appropriate.
- Dods may offer additional shares in the longer term, which may adversely affect the market price of the outstanding Ordinary Shares. Dods has no current plans (that is, at least for the next twelve months) for a subsequent offering of its shares or of rights or invitations to subscribe for shares. However, it is possible that Dods may decide to offer additional shares. An additional offering of shares by Dods, significant sales of shares by major Shareholders or the public perception that an offering may occur, could have an adverse effect on the market price of the Ordinary Shares.

(forming part of the accounts)

Accounting policies

Basis of preparation

The unaudited historical financial information prepared by Dods represents an aggregation of the assets and liabilities, revenues and costs associated with the trade and assets of the Business, based on the accounting records of Emap.

The financial information has been based on International Financial Reporting Standards as adopted by the EU (“Adopted IFRSs”), except that certain central costs incurred by Emap Limited which may relate in part to the Business have not been attributed to it, including taxation, interest and finance.

The financial information has been prepared on the historical cost basis.

Foreign currency

Transactions in foreign currencies are translated to the Business’s functional currencies at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Foreign exchange differences arising on translation are recognised in the income statement. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are retranslated to the functional currency at foreign exchange rates ruling at the dates the fair value was determined.

Cash and cash equivalents

Cash and cash equivalents include cash, short-term deposits and other short-term highly liquid investments with an original maturity of three months or less.

Tangible fixed assets

Property, plant and equipment are stated at cost less accumulated depreciation and any impairment in value.

Depreciation is calculated in such a way as to write-off the cost of an asset, less its residual value, on a straight-line basis over its estimated useful life - as follows:

office equipment and vehicles - one to 15 years.

Estimated useful lives and residual values are reviewed at each balance sheet date.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate these values may not be recoverable. If there is an indication that impairment does exist the carrying values are compared to the estimated recoverable amounts of the assets concerned. The recoverable amount is the greater of an asset’s value in use and its fair value less the cost of selling it. Value in use is calculated by discounting the future cash flows expected to be derived from the asset. Where the carrying value of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses are recognised in the income statement.

An item of property, plant or equipment is written off either on disposal or when there is no expected future economic benefit from its continued use. Any gain or loss on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying value of the asset) is included in the income statement in the year the item is de-recognised.

Intangible fixed assets

Intangible fixed assets acquired as part of a business acquisition are capitalised at fair value at the date of acquisition.

Purchased intangible fixed assets acquired separately are capitalised at cost. After initial recognition, all intangible fixed assets are measured at cost less accumulated amortisation and any accumulated impairment losses. Intangible fixed assets which have been assigned a finite life are amortised and tested for impairment if events or changes in circumstances indicate that the carrying value may have declined.

This is done either for individual assets or at the level of a cash-generating unit. Useful lives are examined every year and adjustments are made, where applicable, on a prospective basis.

Amortisation is charged on assets with finite lives on a systematic basis over the asset's useful life, which in all cases is a maximum period of 20 years.

Where an intangible asset has been assigned an indefinite useful life, it is not amortised and is reviewed for impairment either annually or more frequently if events or changes in circumstances indicate a possible decline in the carrying value.

Trade and other receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for impairment. Specific provisions are made and charged to the income statement when there is objective evidence that the Business will not be able to collect all amounts due according to the original terms. Collective provisions are made based on estimated losses inherent within receivables, based on the overall level of receivables past due. These provisions are developed over time based on the review of aged debt, the type of debt and experience.

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the income statement. When a trade receivable is uncollectible, it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are credited to the income statement.

Revenue

Revenue for goods sold is recognised when the significant risks and rewards of ownership have been transferred to a third party, or for services provided, at the point when it is probable that the economic benefits will flow to the Business and when the amount of revenue can be reliably measured. Revenue is measured at the fair value of the consideration received, net of discounts, customs duties and sales taxes. Revenue is only recognised for barter transactions which are considered dissimilar to each other in nature, and a corresponding amount is included in operating costs.

Pre-paid subscription revenues are shown as deferred income and released to the income statement over the life of the subscription.

10. Board practices and governance

(a) Corporate governance

The Board considers that, the Group complied during its financial year ended 31 December 2010 with the provisions set out in Section 1 of the Combined Code of Corporate Governance issued in June 2008 (the "**Combined Code**"). The Combined Code was replaced by the UK Corporate Governance Code (the "**Governance Code**") in respect of the Company from 1 January 2011. The Governance Code applies to companies listed on the Official List in respect of annual financial periods beginning after 1 June 2010. Although as an AIM company the Company is not governed by the Combined Code or the Governance Code, the Directors believe that, in the interests of maintaining high standards of corporate governance, the Group should aim to continue to comply with the Combined Code or the Governance Code so far as practicable and appropriate.

The Directors intend to continue to comply with their obligations to the Company and all Shareholders. The Directors recognise the importance of sound corporate governance and intend to ensure that, following Admission, the Company continues to comply with best practice and apply policies and procedures which reflect the principles and high standards of the Combined Code or the Governance Code, including in relation to maintaining a majority by number of Directors independent of Lord Ashcroft, the sovereignty of the Board and the current and normal practice of each committee of the Board. The Directors believe that the Board has the support of the Shareholders for its aims and continuing efforts in relation to good corporate governance.

(b) Board of Directors

The Board currently comprises 2 executive directors and 5 non-executive directors. The non-executive directors are, in the opinion of the Board, independent of management. Andrew Wilson and Sir William Wells represent Lord Ashcroft KCMG, a major shareholder. As a result the Board does not consider Andrew Wilson or Sir William Wells to be independent.

The Board, which is scheduled to meet every month, exercises overall control of the Group's affairs by reference to a schedule of matters reserved for its decision. These matters include:

- Major acquisitions and disposals
- The approval of financial statements and assessment of financial performance
- Authority levels of expenditure, with detailed appraisals and reviews
- Treasury policies and review of financial planning; and
- Risk management policies

(c) Board Committees

Each Board Committee has established clear and defined terms of reference, responsibilities and powers.

(d) Audit Committee

The Audit Committee is chaired by Andrew Wilson and also comprises Kevin Hand and Richard Flaye.

The Committee meets no less than twice a year with the external auditors together with various representatives of the executive and finance functions. It also meets privately with the external auditors on an adhoc basis. The Committee, inter alia:

- is responsible for the appointment, review and remuneration of the external auditors and has authority to pre-approve their engagement for both audit and permitted non-audit services within an agreed framework;
- annually assesses the independence and objectivity of the auditors;

- reviews the annual and interim financial statements, the Group's accounting policies and procedures and its financial control environment, and
- reviews the Group's system of internal controls, including risk management procedures.

It advises the Board on the Company's remuneration strategy and determines, on behalf of the Board and within its remuneration framework, the individual remuneration package of each of the executive directors and certain members of the senior management team.

No director is involved in deciding his own remuneration, whether determined by the Committee, or in the case of non-executives, by the Board.

The Nominations Committee is chaired by Richard Flaye and comprises Kevin Hand, Gerry Murray and Sir William Wells.

The Committee meets at least once a year. It is responsible for reviewing the composition and structure of the Board and for making recommendations to the Board for its consideration and approval.

11. Memorandum and Articles of Association of the Company

The Memorandum and Articles of Association of the Company contain provisions, inter alia, to the following effect.

(a) *Objects*

The objects of the Company are set out in full in clause 4 of its Memorandum of Association and include the carrying on of business as a general commercial company.

(b) *Share rights*

Any shares in the capital of the Company may, subject to the provisions of the Statutes, be allotted with such special rights, privileges or restrictions as the Company may by ordinary resolution (before the allotment of such shares) from time to time determine and in particular any such shares may be allotted with a preferential, deferred or qualified right to dividends or to the distribution of assets and with a special or qualified or without any right of voting and (subject to the provisions of the Statutes) on the terms that they are, or at the option of the Company are to be liable, to be redeemed.

Subject to any restrictions imposed by the Articles and to any special rights, restrictions or prohibitions attached to any special class of shares, on a show of hands every member personally present shall have one vote only, and in the case of a poll every member present in person or by proxy shall have one vote for every share in the capital of the Company held by him.

Subject to the provisions of the Statutes, no holder of a share in the Company shall, unless the Directors otherwise determine, be entitled to be present or vote at a general meeting either personally or by proxy or to exercise any other right in relation to meetings of the Company in respect of that share if:

- any sum presently payable by him to the Company in respect of that share remains unpaid; or
- he has been duly served with a notice which requires information regarding that share to be provided to the Company and contains a warning of the consequences of failing to comply with such notice.

(c) *Variation of share rights*

Subject to the provisions of the Statutes, whenever the share capital is divided into different classes of shares, all or any of the rights attached to any class may, whether or not the Company is being wound up, be modified, varied, extended, abrogated or surrendered either in such manner as may be provided by such rights or with the written consent of the holders of at least three-fourths in

nominal value of the issued shares of that class or with the sanction of an extraordinary resolution passed at a separate general meeting of the holders of such shares. To every separate general meeting of the holders of the issued shares of a particular class (whether held for the purpose of passing a resolution relating to class rights or for any other purpose) the provisions of the Articles relating to general meetings shall apply, except that:

- (i) no member shall be entitled to receive notice of such meeting or to attend it unless he is a holder of shares of the class in question and no vote shall be given except in respect of a share of that class;
- (ii) the necessary quorum shall be two persons at least present in person and holding or representing by proxy at least one-third in nominal amount of the issued shares of the class in question;
- (iii) any holder of shares of the class in question who is present in person or by proxy and entitled to vote may demand a poll; and
- (iv) on a poll every holder of shares of the class in question who is present in person or by proxy shall have one vote for every share of that class held by him.

(d) *Transfer of shares*

Except as may be provided by these Articles, all transfers of shares may be effected by transfer in writing in any usual or common form or in any other form acceptable to the Directors or by any other method which is authorised by the Statutes and approved or adopted by the Directors. Any such instrument of transfer shall be signed by or on behalf of the transferor and (except in the case of fully paid shares) by or on behalf of the transferee. The transferor shall remain the holder of the shares concerned until the name of the transferee is entered in the Register in respect thereof.

The Directors may in their absolute discretion refuse to register any transfer of a share in any of the following circumstances:

- (i) if the share is not fully paid up and the Company has a lien on the share;
- (ii) the member has failed to comply with a notice which requires information regarding their share(s) to be provided to the Company; or
- (iii) if the transfer is of share(s) in favour of more than four persons jointly.

If the Directors refuse to register or authorise the registration of a transfer which is effected by a written instrument they shall within two months after the date on which the instrument was lodged with the Company or its registrars send to the transferee notice of the refusal. If and for so long as any procedures for enabling title to securities to be evidenced and transferred without a written instrument are lawfully implemented by the Company pursuant to the Statutes, the Directors shall give such notice of any such refusal and within such period as in either case may be required by those procedures or the Statutes.

(e) *General meetings*

An annual general meeting and any general meeting at which it is proposed to pass a special resolution or (save as provided by the Statutes) a resolution of which special notice has been given to the Company, shall be called by twenty-one clear days' notice in writing at the least and any other general meeting by fourteen clear days' notice in writing at the least. Notice of every general meeting shall be given in the manner hereinafter mentioned to all members and the Auditors. A general meeting, notwithstanding that it has been called by shorter notice than that specified above, shall be deemed to have been duly called if it is so agreed:

- (i) in the case of an annual general meeting, by all the members entitled to attend and vote thereat; and
- (ii) in the case of an extraordinary general meeting, by a majority in number of the members having a right to attend and vote thereat, being a majority together holding not less than such minimum percentage in nominal value of the shares giving that right as the Act may prescribe at the time such meeting is held.

The accidental omission to give notice or to send a form of proxy with a notice to or the non-receipt of such notice or form of proxy by any person entitled thereto shall not invalidate the proceedings at any general meeting.

Every notice calling a general meeting or a meeting of any class of members of the Company shall specify the place and the day and hour of the meeting, and there shall appear with reasonable prominence in every such notice a statement that a member entitled to attend and vote is entitled to appoint a proxy or proxies to attend and, on a poll, vote instead of him and that a proxy need not be a member of the Company. In the case of an annual general meeting, the notice shall also specify the meeting as such. In the case of any general meeting at which business other than ordinary business is to be transacted, the notice shall specify the general nature of such business; and if any resolution is to be proposed as an extraordinary resolution or as a special resolution, the notice shall contain a statement to that effect.

No business shall be transacted at any general meeting unless a quorum is present. Two members present in person or by and entitled to vote upon the business to be transacted shall be a quorum.

The Directors may direct that members or proxies for members who wish to attend any general meeting shall submit to such searches and/or comply with such security arrangements or restrictions as in each case the Directors shall, in their absolute discretion, consider appropriate and may, in their absolute discretion, refuse entry to such general meeting to any member or proxy for a member who fails to comply with any such direction.

(f) *Directors*

Unless otherwise determined by ordinary resolution, the Directors shall not be less than two in number.

A director shall not be required to hold any shares in the Company by way of qualification but a director who is not a member of the Company shall be entitled to receive notice of and to attend and speak at all general meetings of the Company and any class of members of the Company.

The Directors or any committee appointed by the Directors may from time to time appoint one or more of their number to any executive office or employment under the Company for such period and on such terms as they or any committee appointed by the Directors think fit, and may also authorise any person appointed to be a director to continue in any executive office or employment held by him before he was so appointed but no service contract or contract for services shall be granted by the Company to any Director except in accordance with the Statutes.

The remuneration and other terms and conditions of appointment of a director appointed as managing director or to any other executive office or employment under the Company shall from time to time be fixed by the Directors, and may (without limitation) be by way of fixed salary, lump sum, commission on the dividends or profits of the Company (or of any other company in which the Company is interested) or other participation in any such profits or otherwise or by any or all or partly by one and partly by another or others of those modes.

At the annual general meeting in every year, any director who has been appointed since the last annual general meeting and one-third of the directors for the time being, shall retire from office and shall be eligible for re-election. The chief executive for the time being of the Company shall not, while he continues to hold such office, be subject to retirement by rotation or be taken into account in determining the number of directors to retire in each year.

A director shall be entitled to vote and be counted in the quorum in respect of any resolution of the Directors or of a committee of the Directors relating to any of the following matters:

- (i) the giving of any security, guarantee or indemnity in respect of money lent or obligations incurred by him or by any other person at the request of or for the benefit of the Company or any of its subsidiary undertakings; or
- (ii) the giving of any security, guarantee or indemnity in respect of a debt or obligation of the Company or any of its subsidiary undertakings for which the director himself has assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security; or
- (iii) the granting of any indemnity or provision of funding unless the terms of such arrangement confer upon such director a benefit not generally available to any other director; or
- (iv) an offer of shares or debentures or other securities of or by the Company or any of its subsidiary undertakings for subscription or purchase in which offer he is or is to be or may be entitled to participate as a holder of securities or as an underwriter or sub-underwriter; or

- (v) any matters involving or relating to any other company in which he or any person connected with him has a direct or indirect interest (whether as an officer or shareholder or otherwise), provided that he and any persons connected with him are not to his knowledge the holder (otherwise than as a nominee for the Company or any of its subsidiary undertakings) of or beneficially interested in one per cent. or more of any class of the equity share capital of such company (or of any third company through which his interest is derived) or of the voting rights available to members of the relevant company (any such interest being deemed for the purpose of this Article to be a material interest in all circumstances); or
- (vi) an arrangement for the benefit of the employees of the Company or any of its subsidiary undertakings which does not award him any privilege or benefit not generally awarded to the employees to whom the arrangement relates; or
- (vii) the purchase and/or maintenance of any insurance policy for the benefit of directors or for the benefit of persons including directors.

A director shall not vote as a director or be counted in the quorum on any resolution concerning his own appointment as the holder of any office or employment with the Company or any company in which the Company is interested including fixing or varying the terms, or the termination of, his appointment.

If any question arises at any meeting as to the materiality of a director's interest or the entitlement of any director to vote and the director does not voluntarily agree to abstain from voting, the question shall be referred to the chairman of the meeting and his ruling in relation to any director (other than himself) will be final and conclusive unless the nature or extent of the director's interests has not been fairly disclosed. If any such question arises in respect of the chairman, it shall be determined by the Directors (other than the chairman). The Directors' resolution will be final and conclusive unless the nature or extent of the chairman's interest has not been fairly disclosed.

The Directors may authorise a director to be involved in a situation in which the director has or may have a direct or indirect interest which conflicts or may conflict with the interests of the Company provided that:

- (i) in the case of a proposed appointment of a person as a director, the Directors authorise the conflict of interest before or at the time the director is appointed to office;
- (ii) in the case of any other director the Directors authorise the conflict of interest at the time the conflict is declared to them;
- (iii) the director subject to the conflict of interest or any other interested director shall not vote and shall not be counted in the quorum in respect of the authorisation;
- (iv) the Directors may in their absolute discretion impose such terms or conditions on the grant of the authorisation as they think fit;
- (v) a director will not be in breach of his duty under sections 172,174 and 175 of the Companies Act 2006 or the authorisation given by reason only that he receives confidential information from a third party relating to the conflict of interest which has been authorised by and either fails to disclose it to the Directors or fails to use it in relation to the Company's affairs and neither will he be in breach of his duty under the said section 175 for anything done or omitted to be done by him in accordance with the provisions of the Articles; and
- (vi) where approval to a transaction which falls within Chapter 4 of Part 10 of the Companies Act 2006 is given by members in accordance with that Chapter further authorisation for that transaction by the Directors is not necessary.

(g) *Borrowing powers*

Subject to the provisions of Article 128 the Directors may exercise all the powers of the Company to borrow or raise money and to mortgage or charge its undertaking, property, assets and uncalled capital or any part thereof, and to issue debentures and other securities, whether outright or as collateral security for any debt, liability or obligation of the Company or its holding company (if any) or any subsidiary of the Company or its holding company or of any third party.

The Directors shall restrict the borrowings of the Company and exercise all voting and other rights or powers of control exercisable by the Company in relation to its subsidiaries (if any) so as to secure (as regards subsidiaries so far as by such exercise they can secure) that the aggregate amount

for the time being remaining undischarged of all moneys borrowed by the Group (which expression in this Article and Article 130 means and includes the Company and all its subsidiaries for the time being) and for the time being owing to persons outside the Group shall not without the previous sanction of an ordinary resolution of the Company exceed an amount equal to 3 times the Adjusted Capital and Reserves as hereinafter defined. The certificate of the Auditors for the time being as to the amount of the Adjusted Capital and Reserves at any time shall be conclusive and binding upon all concerned.

(h) *Dividends*

The Company may, by ordinary resolution, declare dividends but no dividend shall be payable except out of the profits of the Company available for distribution in accordance with the provisions of the Statutes, or in excess of the amount recommended by the Directors.

Subject to any rights or privileges for the time being attached to any shares in the capital of the Company having preferential or special rights in regard to dividend, the profits of the Company which it shall from time to time be determined to distribute by way of dividend shall be applied in payment of dividends upon the shares of the Company in proportion to the amounts paid up thereon respectively otherwise than in advance of calls and so that all dividends shall be apportioned and paid pro rata according to the portion or portions of the period in respect of which the dividend is paid during which any such amount or amounts were paid up. Provided that if any share is issued upon terms providing that it shall rank for dividend as from or after a particular date, or be entitled to dividends declared after a particular date, such share shall rank for or be entitled to dividend accordingly. Dividends may be paid or declared in any currency. The Directors may agree with any member that dividends which at any time or from time to time be declared or become due on his shares in one currency shall be paid or satisfied in another and may agree the basis of conversion to be applied and how and when the amount to be paid in the other currency shall be calculated and paid and for the Company or any other person to bear any costs involved.

(i) *Winding up*

If the Company shall be wound up (whether the liquidation is voluntary, under supervision or by the court) the liquidator may, with the authority of an extraordinary resolution, divide among the members in specie or kind the whole or any part of the assets of the Company and whether or not the assets shall consist of property of one kind or shall consist of properties of different kinds, and may for such purpose set such value as he deems fair upon any one or more class or classes of property and may determine how such division shall be carried out as between the members or different classes of members but so that if any such division shall be otherwise than in accordance with the existing rights of the members every member shall have the same right of dissent and other ancillary rights as if such resolution were a special resolution passed in accordance with section 110 of the Insolvency Act 1986. The liquidator may, with the like authority, vest any part of the assets in trustees upon such trusts for the benefit of members as the liquidator with the like authority shall think fit, and the liquidation of the Company may be closed and the Company dissolved, but so that no contributory shall be compelled to accept any shares or other property in respect of which there is a liability.

12. **Share Schemes**

Executive Share Option Scheme

The Company operates an Unapproved Executive Share Option Scheme under which share options are granted to selected Group employees. All options are settled by physical delivery of shares in exchange for payment of the aggregated option price. The contractual life of each grant is 10 years.

All options granted are discretionary (as determined by the Remuneration Committee) and carry a pre-exercise performance condition, requiring the Company's Earnings Per Share achievement during any rolling three year financial performance period to exceed the retail price index by at least 3%, in aggregate, during the same period. No consideration is received for an award and no grants can be made at an option exercise price per share which is less than the market price at the time of grant.

On 4 November 2010, 2,709,075 of existing share options were cancelled and reissued at a lower exercise price of 10 pence per share. The decision was taken due to the existing share options being 'under the water', thus unlikely to ever be exercised. The incremental fair value of the modified equity instrument was recognised.

The charge based on the grant date fair value of the original equity instruments, which is recognised over the remainder of the original vesting period represented a non material amount, and therefore no additional charge has been recognised as a result of this modification.

Details of the share options outstanding during the year as at 31 December 2010 are as follows.

	<i>Number of Ordinary shares</i>	<i>Weighted average exercise price (pence)</i>

This is based on a three to five year share save contract and options may be granted at an option exercise price discounted by up to 20% of the market price at the time of grant. Options are forfeited if the employee leaves the Group on a voluntary basis before the options vest.

Details of the share options outstanding during the year as at 31 December 2010 are as follows.

19. Interests of persons involved in the issue

20. Mandatory takeover bids, squeeze out and sell out rules

(a) Mandatory takeover bids

The City Code applies to all takeover and merger transactions in relation to the Company, and operates principally to ensure that shareholders are treated fairly and are not denied an opportunity to decide on the merits of a takeover and that shareholders of the same class are afforded equivalent treatment. The City Code provides an orderly framework within which takeovers are conducted and the Panel has now been placed on a statutory footing.

The City Code is based upon a number of General Principles which are essentially statements of standards of commercial behaviour. General Principle One states that all holders of securities of an offeree company of the same class must be afforded equivalent treatment and if a person acquires control of a company, the other holders of securities must be protected. This is reinforced by Rule 9 of the City Code which requires a person, together with persons acting in concert with him, who acquires shares carrying voting rights which amount to 30% or more of the voting rights to make a general offer. "**Voting rights**" for these purposes means all the voting rights attributable to the share capital of a company which are currently exercisable at a general meeting. A general offer will also be required where a person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights, acquires additional shares which increase his percentage of the voting rights. Unless the Panel consents, the offer must be made to all other shareholders, be in cash (or have a cash alternative) and cannot be conditional on anything other than the securing of acceptances which will result in the offeror and persons acting in concert with him holding shares carrying more than 50% of the voting rights.

There are not in existence any current mandatory takeover bids in relation to the Company. Please however refer to paragraph 4 of Part IV of this document which describes the waiver to be sought at the Dods EGM in respect of the potential shareholding in the Company of the Conert Party following and pursuant to the Placing and the Takeover Offer.

(b) Squeeze out

Section 979 of the 2006 Act provides that if, within certain time limits, an offer is made for the share capital of the Company, the offeror is entitled to acquire compulsorily any remaining shares if it has, by virtue of acceptances of the offer, acquired or unconditionally contracted to acquire not less than 90% in value of the shares to which the offer relates and in a case where the shares to which the offer relates are voting shares, not less than 90%, of the voting rights carried by those shares. The offeror would effect the compulsory acquisition by sending a notice to outstanding shareholders telling them that it will compulsorily acquire their shares and then, six weeks from the date of the notice, pay the consideration for the shares to the Company to hold on trust for the outstanding shareholders. The consideration offered to shareholders whose shares are compulsorily acquired under the 2006 Act must, in general, be the same as the consideration available under the takeover offer.

(c) Sell out

Section 983 of the 2006 Act permits a minority shareholder to require an offeror to acquire its shares if the offeror has acquired or contracted to acquire shares in the Company which amount to not less than 90%, in value of all the voting shares in the Company and carry not less than 90%, of the voting rights. Certain time limits apply to this entitlement. If a shareholder exercises its rights under these provisions, the offeror is bound to acquire those shares on the terms of the offer or on such other terms as may be agreed.

22. Expenses of the Placing

The net proceeds of the Placing receivable by the Company are expected to amount to approximately £10.35 million. The total expenses of the Placing are estimated to be approximately £650,000 (excluding VAT).

23. Dividends

Dods intends to pay a cash dividend each year subject to distributable reserves being available for such dividend and when appropriate so to do.

24. Significant change

There has been no significant change in the financial or trading position of the Group since 30 June 2011 being the end of the last financial period for which interim financial information has been published.

25. Legal and arbitration proceedings

There have been no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Company is aware), during the 12 month period prior to the date of this document which may have, have, or have had in the recent past, significant effects on the Company and/or the Group's financial position or profitability.

26. United Kingdom taxation

The following statements are intended to apply only as a general guide to current UK tax law and to the current practice of Her Majesty's Revenue & Customs ("HMRC"), both of which are subject to change at any time, possibly with retrospective effect. They are not advice. Except in so far as express reference is made to the treatment of non-UK residents, the following statements are intended to apply only to holders who are resident (or, in the case of an individual, domiciled and resident or ordinarily resident) in the UK for UK tax purposes, who hold their Ordinary Shares as investments and who are the absolute beneficial owners of their Ordinary Shares. The statements may not apply to certain classes of persons, such as dealers in securities or distributions, broker-dealers, insurance companies, collective investment schemes, persons who hold their Ordinary Shares by virtue of an interest in any partnership and persons who have acquired (or are deemed for tax purposes to have acquired) their Ordinary Shares by reason of office or employment.

Shareholders who are in any doubt as to their tax position or who are resident or domiciled in or subject to tax in a jurisdiction other than the UK should consult their own professional advisers immediately.

(a) Dividends on Ordinary Shares

The Company will not be required to withhold any amount for or on account of UK tax at source when paying a dividend in respect of the Ordinary Shares.

An individual Shareholder who receives a dividend from the Company will be entitled to a tax credit which such Shareholder may set off against his or her total income tax liability on the dividend. The tax credit will be equal to 10 per cent. of the aggregate of the dividend and the tax credit (the “**gross dividend**”), which equates to one-ninth of the dividend received. Where a Shareholder is liable to income tax at the starting rate for savings or the basic rate, he or she will be subject to tax on the dividend at the rate of 10 per cent. of the gross dividend, so that the tax credit will satisfy in full the liability of such Shareholder to income tax on the dividend. In the case of an individual Shareholder who is liable to income tax at 40 per cent., the tax credit will be set against the liability of such Shareholder on the gross dividend and such Shareholder will have to account for additional tax equal to 22.5 per cent. of the gross dividend. Where a Shareholder who is liable to income tax at 50 per cent., the tax credit will be set against the liability of such shareholder on the gross dividend and such shareholder will have to account for additional tax equal to 32.5 per cent. of the gross dividend to the extent that the gross dividend when treated as the top slice of such Shareholder’s income falls above the threshold for higher rate income tax. An individual Shareholder who is not liable to income tax in respect of the gross dividend will not be entitled to payment of the tax credit.

Shareholders within the charge to UK corporation tax will generally not be subject to corporation tax on dividends paid by the Company. Such Shareholders will not be able to claim payment of tax credits attaching to dividends. The Government has published legislation which could, if passed in its current form, change the tax treatment of dividends received by Shareholders within the charge to corporation tax even where the payer of the dividend is a company resident in the UK. It should be noted that the draft legislation is likely to change before being passed and it is recommended that Shareholders within the charge to corporation tax consult independent professional tax advisers in relation to the implications of the legislation, once finally enacted.

Shareholders who are not resident in the UK for tax purposes will not, subject to the existence and terms of any double taxation convention between the UK and the country in which the holder is resident, generally be entitled to claim any part of the tax credit. Such shareholders should consult their own tax advisers concerning their tax liabilities in relation to dividends received from the Company.

(b) *Taxation of Chargeable Gains*

(i) Placing

The issue of Placing Shares under the Placing will not constitute a reorganisation of share capital for the purposes of the UK taxation of chargeable gains and, accordingly, any Placing Shares acquired pursuant to the Placing will be treated as acquired as part of a separate acquisition.

(ii) Disposal of Ordinary Shares

A disposal of Ordinary Shares will constitute a disposal for the purposes of the UK taxation of chargeable gains and, accordingly, may give rise to a liability to tax for Shareholders who are resident or (in the case of individual shareholders) ordinarily resident for tax purposes in the UK or who carry on a trade, profession or vocation in the UK through a branch or agency (in the case of individual Shareholders) or through a permanent establishment (in the case of Shareholders within the charge to corporation tax) to which the relevant Ordinary Shares are attributable, subject to any reliefs and allowances (including indexation allowance, if appropriate) which may then be available.

In the case of a Qualifying Shareholder within the charge to corporation tax, in calculating the chargeable gain or allowable loss arising on a subsequent disposal of Placing Shares, indexation allowance will apply to the amount paid for the Placing Shares only from, generally, the date the subscription monies for the Placing Shares were payable.

A Shareholder who is temporarily resident outside the UK for UK tax purposes and who disposes of Ordinary Shares during that period may on resuming residence or ordinary residence in the UK be liable to UK taxation of chargeable gains arising during such period of residence outside the UK, subject to any available exemption or relief.

In the case of individuals, trustees and personal representatives, indexation allowance is not available. In the case of individuals who are liable to income tax at the basic rate, tax on chargeable gains on the disposal of Ordinary Shares will be at a rate of 18 per cent. In the case

of individuals who are liable to income tax at the higher rates, tax on chargeable gains on the disposal of Ordinary Shares will be at 28 per cent.. Trustees and personal representatives are liable to pay chargeable gains tax at a rate of 28 per cent. The respective chargeable gains tax rates apply irrespective of how long the shares have been held.

(iii) Non-UK Resident Shareholders

Subject to the provisions set out above in relation to temporary non-residents, Shareholders who are neither resident nor ordinarily resident for tax purposes in the UK should not be liable to UK tax on chargeable gains realised on the disposal of their Ordinary Shares unless the Shareholder carries on a trade, profession or vocation in the UK through a branch or agency (in the case of individual Shareholders) or through a permanent establishment (in the case of Shareholders within the charge to corporation tax) and has used, held or acquired the Ordinary Shares for the purposes of such trade, profession or vocation or such branch, agency or permanent establishment. Such Shareholders may be subject to foreign taxation on any gain under local law subject to the terms of any applicable double tax treaty.

(iv) UK Stamp Duty and Stamp Duty Reserve Tax

No UK stamp duty or stamp duty reserve tax (“SDRT”) will be payable on the allotment or issue of the Placing Shares, except as described below in relation to shares issued to issuers of depository receipts or providers of clearance services (or their nominees or agents).

Subject to an exemption for certain low value transactions, the written conveyance or transfer on sale of Ordinary Shares will generally be liable to UK ad valorem stamp duty at the rate of 0.5 per cent. of the amount or value of the consideration for the transfer, rounded up to the nearest £5.

An agreement to transfer Ordinary Shares which is or becomes unconditional will generally give rise to SDRT at the rate of 0.5% of the amount or value of the consideration paid, such SDRT generally being payable by the transferee or purchaser. The liability to SDRT will generally be cancelled or any SDRT paid refunded if the agreement is completed by a duly stamped transfer within six years of either the date of the agreement or, if the agreement was conditional, the date when the agreement became unconditional.

No stamp duty or SDRT will arise on a transfer of Placing Shares into CREST provided that, in the case of SDRT, the transfer itself is not for money or money’s worth. A transfer of Ordinary Shares effected on a paperless basis through CREST will generally be subject to SDRT at the rate of 0.5% of the amount or value of the consideration payable, which will be collected and accounted for to HMRC by CREST (such SDRT generally being borne by the transferee or purchaser).

Where Ordinary Shares are issued or transferred (i) to, or to a nominee or agent for, a person whose business is or includes the provision of clearance services or (ii) to, or to a nominee or agent for, a person whose business is or includes issuing depository receipts, stamp duty or SDRT will generally be payable at a higher rate of 1.5% of the consideration payable (rounded up in the case of stamp duty to the nearest £5). Clearance services may, provided certain conditions are met, opt for the normal rate of SDRT (0.5% of the amount or value of the consideration) to apply to issues or transfer of the shares into, and to transactions within, such services instead of the higher rate of 1.5% applying to an issue or transfer of shares into the clearance service and instead of the exemption from SDRT on transfers of shares while in the service.

NOTES:

1. A shareholder entitled to attend and vote at the Extraordinary General Meeting ('EGM or 'Meeting') is entitled to appoint a proxy or proxies to attend, speak and vote instead of him/her. A proxy need not be a shareholder of the company. A shareholder may appoint more than one proxy in relation to the EGM provided that each proxy is appointed to exercise the rights attached to a different share or shares held by that shareholder.
2. To be valid, a Form or Proxy must be completed and any power of attorney or other authority under which it is executed (or a duly certified copy thereof) must be received by Equiniti, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA no later than 10.00 a.m. on 3 February 2012 (or 48 hours (excluding any part of a day which is a non-working day) before the time appointed for any adjourned Meeting at which it is to be used). Completion and return of a Form of Proxy will not preclude a shareholder subsequently from personally attending and voting at the EGM (in substitution for their proxy vote) if the shareholder decides to do so.
3. The Form of Proxy must be executed by or on behalf of the shareholder making the appointment. A corporation may execute the Form of Proxy either under its common seal or under hand of a duly authorised officer.
4. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, will be accepted to the exclusion of the votes of the other joint holders and for this purpose seniority will be determined by the order in which the names stand on the Register of Members in respect of the relevant joint holdings.
5. Voting on Resolution 5 will be conducted on a poll of Independent Shareholders (as defined in the Admission Document) to comply with the requirements of the Panel on Takeovers and Mergers.
6. Pursuant to regulation 41 of the Uncertified Securities Regulations 2001, the Company specifies that only those members registered on the Register of Members of the Company as at 6.00 p.m. on 3 February 2012 or, if the Meeting is adjourned, on the Company's Register of Members two days (excluding any part of a day which is a non-working day) prior to the time fixed for the adjourned meeting, shall be entitled to attend and/or vote at the Meeting in respect of the number of shares registered in their names at that time. Changes to entries on the Register of Members after 6.00 p.m. on 3 February 2012 or, if the Meeting is adjourned 6:00pm on the day 2 days prior to the adjourned Meeting, shall be disregarded in determining the rights of any person to attend or vote at the Meeting, notwithstanding any provisions in any enactment, the Company's Articles of Association or other instrument to the contrary.
7. CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the Extraordinary General Meeting to be held on 7 February 2012 and any adjournment(s) thereof by using the procedures described in the CREST Manual, which can be viewed at www.euroclear.com/ CREST CREST Personal Members or other CREST sponsored members, and those CREST members who have been appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a CREST Proxy Instruction) must be properly authenticated in accordance with CREST Co's specifications and must contain the information required for such instructions, as described in the CREST Manual. The message, regardless of whether it constitutes the appointment of a proxy or to an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent (ID RA19) by the latest time(s) for receipt of proxy appointments specified in the notice of meeting. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that CRESTCo does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if

the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s) take(s)) such an action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as a invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertified Securities Regulations 2001.

8. The quorum for the EGM will be two persons entitled to vote upon the business to be transacted, each being a shareholder or a proxy for a shareholder or a duly authorised representative of a corporation which is a shareholder.
9. The total number of ordinary shares of 10p in issue as at 11 January 2012, the last practicable day before printing this document was 151,998,453 ordinary shares. Each ordinary share carries one vote and therefore the total voting rights in the Company are 151,998,453.
10. Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member provided that they do not do so in relation to the same shares.
11. For the purposes of resolution 6, 'relevant securities' means:
 - (a) shares in the Company other than shares allotted pursuant to:
 - (A) an employee share scheme (as defined by section 1166 of the Act);
 - (B) a right to subscribe for shares in the Company where the grant of the right itself constituted a relevant security; or
 - (C) a right to convert securities into shares in the Company where the grant of the right itself constituted a relevant security; and
 - (b) any right to subscribe for or to convert any security into shares in the Company other than rights to subscribe for or convert any security into shares allotted pursuant to an employee share scheme (as defined by section 1166 of the Act).
